28 March 1951

MEMORANDUM FOR: ACTING CHIEF, TRD

SUBJECT: Special Demonstration of ITS Equipment

REFERENCE: Attached Memorandum to Chief, STB, from
[REDACTED] Subject: same

1. After consultation with the Chief Instructor, Investigative Techniques Section, the following recommendations are submitted:

a. That no action be taken by TRD with respect to the incident referred to in the attached memorandum.

b. That any future requests for TRD assistance to the operating divisions which involve a demonstration of Investigative Techniques Section's special equipment be planned and coordinated by the Special Projects Staff, TRD; a clear definition of responsibility be directed by the Special Projects Staff for the part of the demonstration to be provided by OAD and for the part to be provided by the Investigative Techniques Section. In this connection, there apparently exists some friction between [REDACTED] and Mr. [REDACTED] being the dominating factor.

c. That wherever possible, demonstrations of this type of equipment be made in space presently occupied by the Investigative Techniques Section where display racks and cabinets presently exist.

[REDACTED]
Deputy for Staff Training
